

OUTSTANDING DELEGATION AND RESOLUTION REQUIREMENTS

The Outstanding Delegation and Most Improved Delegation Awards are designed to recognize the delegations that have surpassed the expectations of the staff in their planning for and performance at the conference. These delegations are not necessarily those that were the most vocal in debate, but delegations that made significant contributions to the outcome of the discussions or showed the most growth throughout the duration of the conference.

The Outstanding Resolution Award is designed to recognize the delegations that have submitted well-written and thought-out resolutions that presented new and novel ways of analyzing the problems facing the international community today. Please note that in order to be considered for the Outstanding Resolution Award, a delegation must submit their resolutions by the February 15 deadline.
